RSQ Series
Square LED downlight

get square with **HALO**

The RSQ is a family of all-purpose square lens LED modules. Available in fixed CCT (2700K, 3000K, 3500K or 4000K) or a field SeleCCTable CCT (2700K-5000K).

Available in three sizes optimized for use in HALO or compatible 4, 5 or 6-inch recessed housings, use to update existing installations or for new construction.

Wide distribution patterns work well in low to medium height ceilings providing general area illumination. Applications include living and dining areas, bedrooms, closets, hallways, bathrooms, kitchen, basements, soffits, and porches, anywhere a clean contemporary appearance is desired.

The SeleCCTable technology puts flexibility at your fingertips. By using the switch located on the driver junction box, the user can choose from a range of five color temperatures 2700K - 5000K.

2700K • 3000K • 3500K
4000K • 5000K
