

McGraw-Edison TopTier

Features and Benefits

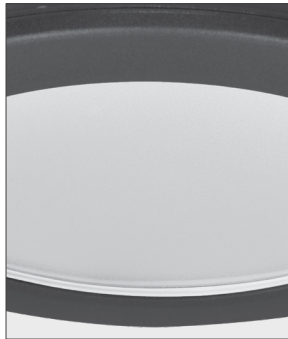

BEST IN CLASS VISUAL COMFORT SOLUTION

TopTier is the flagship solution for parking garages, canopies and area-site applications requiring high performance visual comfort. Advanced waveguide technology delivers enhanced spacing possibilities with superior verticals and high output configurations. The sleek design incorporates a fully luminous surface into a low-profile aesthetic, providing a comfortable lighting experience where visual awareness and safety are paramount. Offered with connected and stand-alone motion sensing technology, TopTier is the first choice for visual comfort outdoor lighting.

PRODUCT FEATURES

- Lumen packages range from 2,757 – 22,831
- Efficacy up to 146 lumens per watt
- Surface, pendant, trunnion, wall, direct conduit and pole mount options
- 5 optics include 3 symmetrical and 2 asymmetrical distributions

DESIGN FEATURES

Waveguide Technology

Pole Mount

Area site configuration delivers powerful and uniform coverage for surface lots, walkways and more

Lumen Output

Output of over 22,000 lumens for high mounting heights and superior spacing
