

Go Where Traditional “Can” Lighting Can’t.

Looking to control electrical costs, get off the job faster, and meet the current demand for construction and renovation? Meet your new problem-solvers: the industry’s largest selection of canless recessed lighting solutions.

Cooperlighting.com/Halo/GoCanless

QuickLink Technology.

Save 85% Wiring Time

HALO QuickLink is a canless (no recessed housing required) low voltage lighting system featuring a single LED remote driver, low voltage plenum rated, self-healing cable and a variety of connectable fixtures. A single driver powers up to 7 fixtures and the twist-connect technology helps to install lighting 85% faster than traditional install methods.

Go Slim.

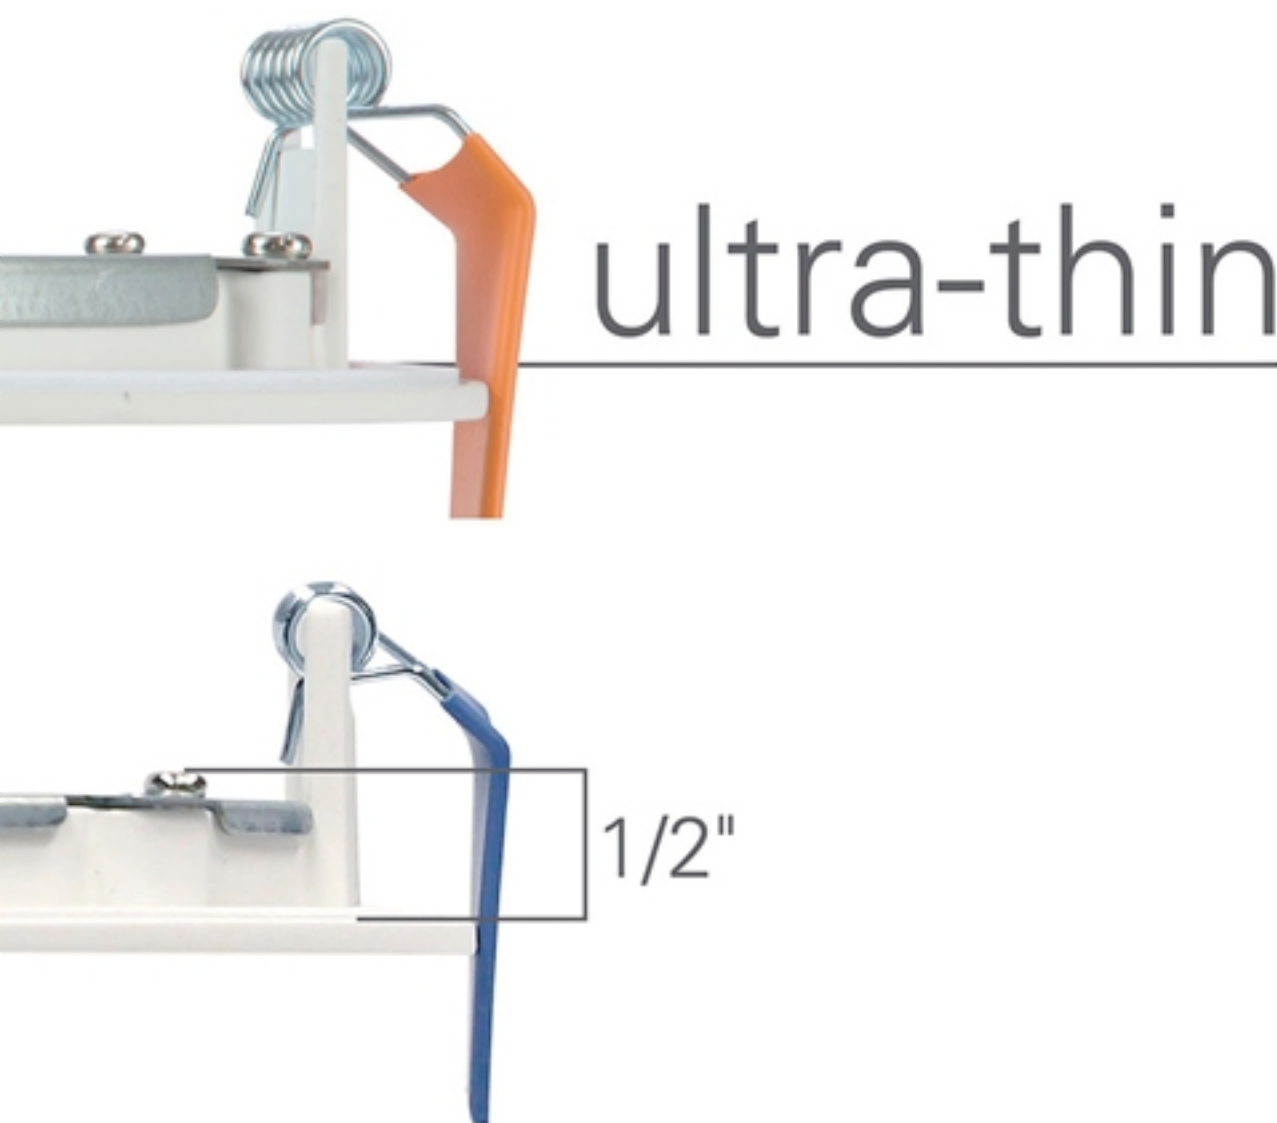

Canless, low-profile recessed lighting.

Great for:

- Ultra-Shallow plenums down to .5”
- Contact with insulation
- Avoiding obstacles like ductwork and framing

Recommended products:

- HALO MicroEdge HLB
- HALO MicroEdge HLB Lite
- HALO Home MicroEdge HLB

Go Classic.

Canless solutions that mimic the look of traditional recessed trim.

Great for:

- Low glare
- Modern Smooth splay trim or traditional baffle trim
- Regressed look (without the hassle)

Recommended products:

- HALO LT-DM
- HALO LCR
- HALO RL-DM

Go Custom.

Field selectable solutions to meet your specific needs.

Great for:

- Field-selectable CCT and lumen output
- Smooth, flawless dimming

Recommended products:

- Most canless recessed lighting products are field selectable

Go Adjustable.

Adjustable solutions to shine light exactly where you need it.

Great for:

- Accent and directional lighting
- Adjustable gimbal offers up to 35° tilt and 360° rotation

Recommended products:

- HALO HLA
- HALO RA-DM

Go Fast.

Lighting solutions that reduce installation time, costs, and headaches.

Great for:

- Flexible Installation in as little as .5” plenum
- Quicker installation process from a 2-step process to 1-step (no cans)
- More jobs completed per day with the 20% faster installation and same day install

Recommended products:

- All canless recessed lighting products

Say Goodbye To The Hassles Of Traditional Recessed Lighting And Hello To HALO.
