

Metalux AP Series

DESCRIPTION

Metalux AP series APT is a T8 based lensed troffer designed for general purpose applications. Shallow, low profile housing is compatible with even highly restrictive plenums and are compatible with today's ceiling systems.

This platform is a great choice for commercial offices, schools, hospitals, retail merchandising and many other applications.

SPECIFICATION FEATURES

Construction

Low profile recessed housing is constructed of die formed of code gauge steel and unibody endplate for added strength. Ballast cover is easily removed without tools. Captive lampholder bracket fully encloses lampholder wiring for easy lampholder replacement. KO's are provided for continuous row wiring.

Electrical**

Equipped with T8 NEMA premium ballast. Rotor-lock lampholders. UL/CUL listed. Suitable for damp locations.

Finish

Baked white enamel finish with lighting grade reflectance for high efficiency.

Hinging/Latching

Spring loaded latches and safety lock T-hinges provide secure door fit and allow hinging and latching from either side.

Frame/Shielding

Flat steel door is die formed with reinforced mitered corners.

Housing and door frame assemblies incorporate full width mechanical light traps. Light stabilized, acrylic prismatic lens.

Compliance

All lamped products utilize DOE qualified lamps and meet all performance requirements.
